

EU Compliance Library

Streamline Compliance Training
Across Borders

The EU Compliance Library simplifies staff training for multinational companies, covering key regulatory topics in the EU.

The library in a nutshell:

- **35+ courses**, including in-depth and microlearning modules
- **English, French, German, Dutch** - ideal for companies operating in Benelux or with staff in these countries
- **Customisable** for your business needs

Simplify compliance training. Apply consistency across borders.
Remove silos to scale globally.

A single platform for compliance across borders

Train your teams efficiently, consistently, and in their preferred language.

Comprehensive coverage

Our EU Compliance Library includes over 35 courses that address the most critical regulatory areas across industries. Staff can access in-depth modules on anti-money laundering, competition law, GDPR, market abuse, cybersecurity, responsible AI, and many more.

Multilingual flexibility

Our library is multilingual, with courses available in French, German, Dutch, and English. Employees can easily switch to their preferred language with a single click, and the system automatically updates exercises, assessments, videos, and subtitles. This ensures that everyone can learn in the language they are most comfortable with, improving comprehension, engagement, and completion rates.

Courses cover regulations that apply across the EU

All courses in the library are developed with EU compliance in mind. They focus on regulations that affect multiple EU countries, ensuring your teams receive consistent training no matter where they are located. This approach simplifies compliance for multinational companies, operating across multiple jurisdictions, while keeping your staff informed about relevant legal and regulatory obligations.

Customisable to your business

Courses can be used straight out of the box or tailored to reflect your company's specific policies, procedures, and compliance priorities. For organisations that want a fully bespoke approach, our team of e-learning developers can adapt content to meet your exact requirements, providing a seamless and professional learning experience for all staff.

Dual-format learning

The library offers dual-format learning to suit different training needs. In-depth courses provide comprehensive coverage of complex compliance topics, ensuring your staff gain a thorough understanding. Complementing this, our microlearning modules deliver concise, focused content ideal for just-in-time learning, reinforcing knowledge and enabling employees to stay up-to-date without disrupting their day-to-day work.

Compliance you can track

It is easy to monitor and manage your staff compliance training since the EU library includes full audit trails, automatic reminders, progress reports, and LMS assignment tracking, allowing managers to ensure training completion and regulatory compliance. This visibility helps mitigate risk and gives organisations confidence that their teams are fully trained and compliant.

Frequently Asked Questions

What are the common challenges in EU compliance training?

Common challenges include balancing group policies with local legal obligations, managing manual processes, and maintaining consistency across multiple jurisdictions.

Why is consistency important in EU compliance?

Consistency matters because regulators expect organisations to uphold uniform standards across the group, whether operating globally or solely within the EU.

What additional features does Skillcast offer for compliance training?

Skillcast provides features such as AI digital assistants, version control, and integration with compliance portals to support comprehensive governance.

Do you plan to roll out the solution to more EU regions, including Central and Eastern European countries?

Yes. Our intention is to expand to additional EU regions over time. We prioritised delivering a strong, high-quality solution in our initial markets, ensuring that all content is human-written, human-checked, and fully reviewed from a regulatory standpoint. As we grow, we'll continue to expand carefully and responsibly into more countries
